Ref. Ares(2020)1256532 - 28/02/2020

D 6.1
Website and Flyer

Action acronym	ConnectedFactories 2
Action Full Title	Global-leading smart manufacturing through digital platforms, cross-cutting features and skilled workforce
Grant Agreement Number	873086
Instrument	CSA: Coordination and Support Action
Project coordinator	VTT

Deliverable Number	D6.1
Deliverable Title	Website and Flyer
Lead Beneficiary	EFFRA
Work package	6
Work package leader	EFFRA
Dissemination level[1]	Public
Type[2]	OT
Due date according to DoA	29 February 2020
Actual submission date	29 February 2020

Main editors and contributors:	EFFRA, S2i, VTT

[1] PU: Public, CO: Confidential, only for members of the consortium (including the Commission Services)
[2] RE: Report, OT: Other; ORDP: Open Research Data Pilot

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 873086.

TABLE OF CONTENT

1 Introduction 4
2 The ConnectedFactories website 4
3 ConnectedFactories2 Flyer 7

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 873086.

1 Introduction

Work Package 6 *Outreach and dissemination 2 - Broad dissemination and exploitation actions* has three main objectives:

I. Disseminate key project information, activities and results,
II. Support cross-fertilisation and increase synergies between related activities projects and communities and,
III. Enhance the exploitation and uptake of innovative technologies.

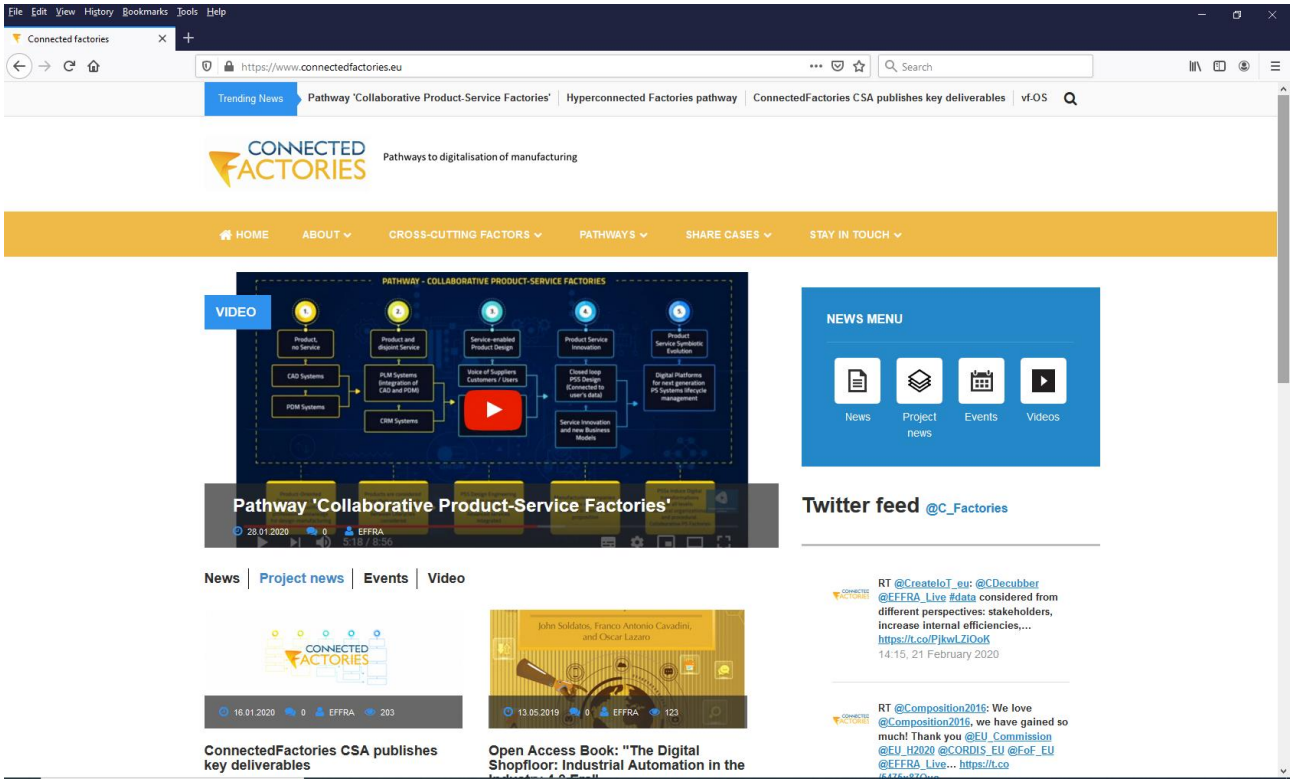

For this purpose, the project maintains a project website, and issues printed brochures, flyers and similar material for dissemination at events, workshops and through mail outs.

This document is to confirm the delivery of D6.1, which includes the public website and the first version of the project flyer.

The work was part of tasks 6.1 *Corporate Identity and website incl. social media* (lead EFFRA) and 6.2 *Printed and digital means of communication and dissemination* (lead EFFRA).

2 The ConnectedFactories website

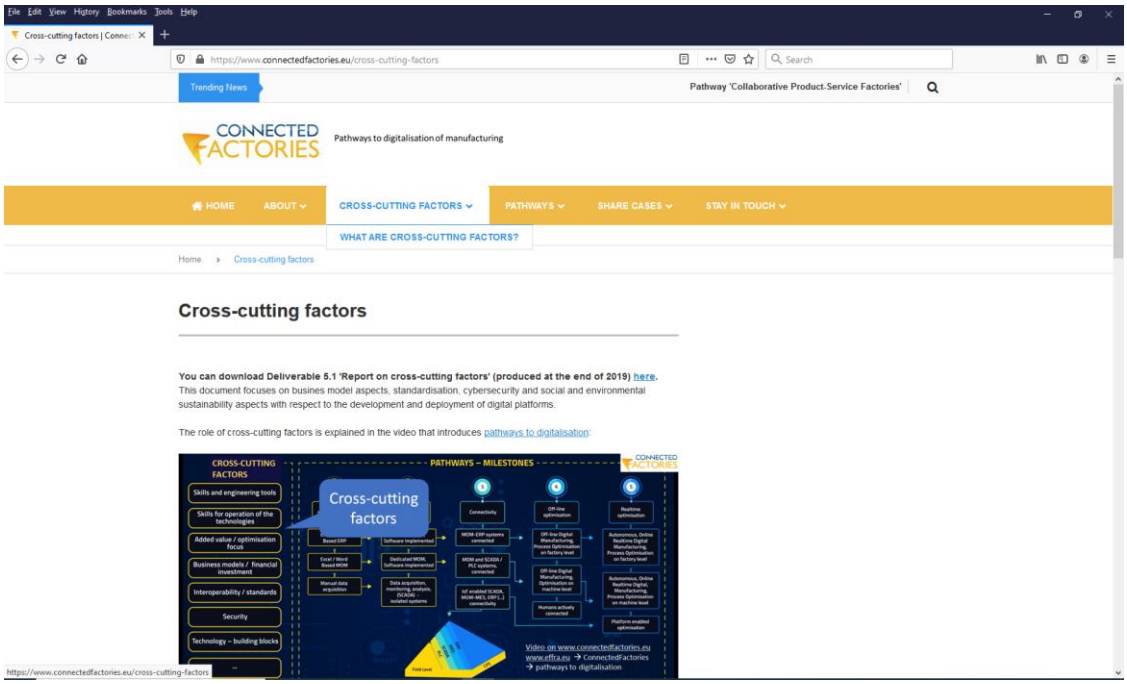

The website is available via this url: https://www.connectedfactories.eu/

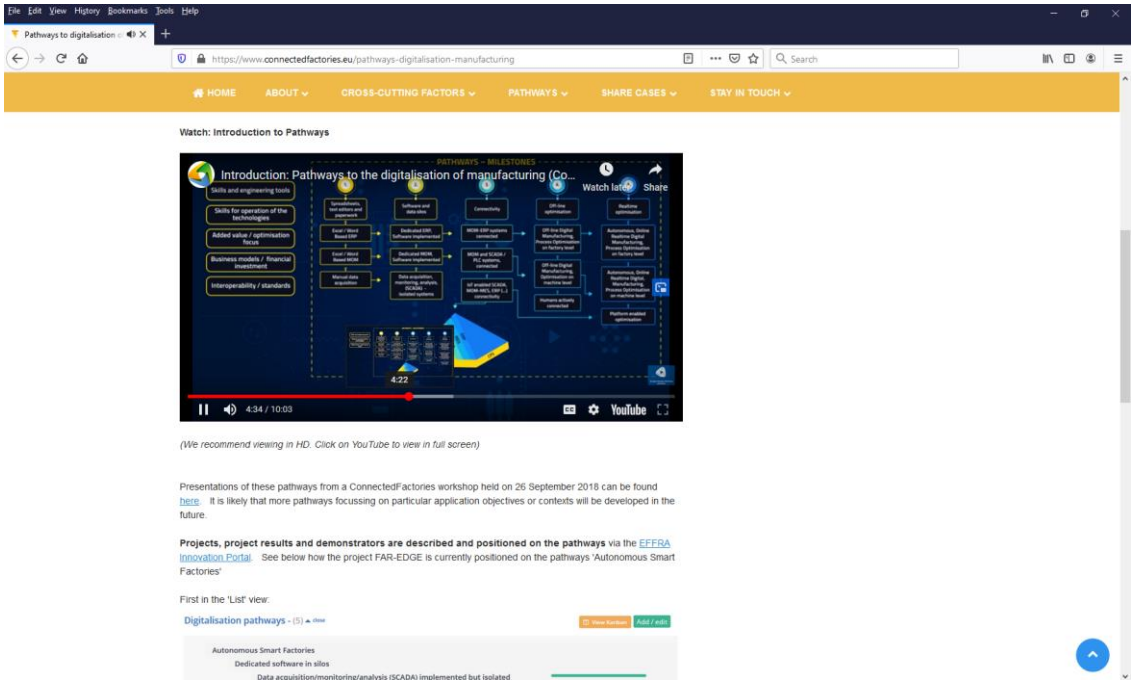

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 873086.

The website provides an overview of the origin of the project (building on the ConnectedFactories 1 CSA) and hence gives insight into the main building blocks on which ConnectedFactories 2 can develop it's activities:

- Cross-cutting factors

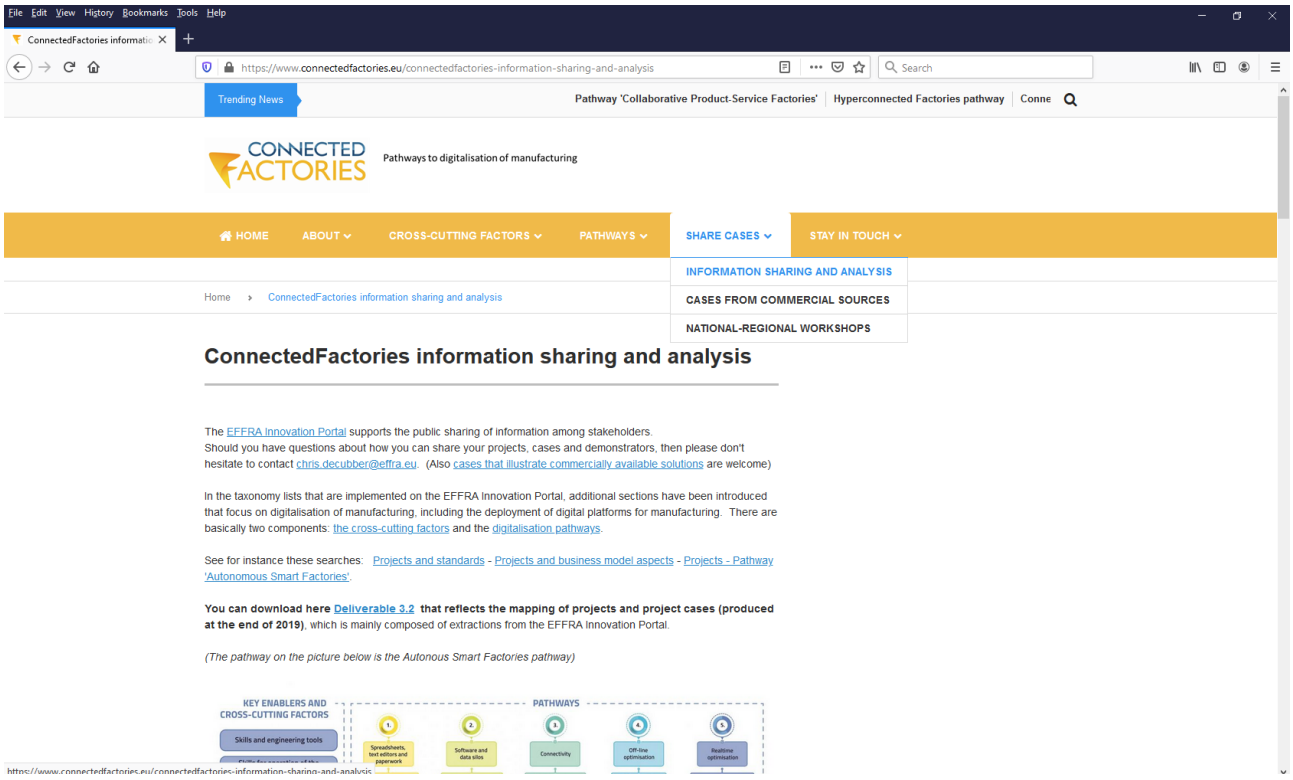

- Pathways to digitalisation of manufacturing

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 873086.

- Sharing information about use-cases

The backend of the ConnectedFactories website is communicating with the backend of the EFFRA website in order to create a maximum synergy for the creation of connect. Content that is created on the EFFRA website which is also relevant for the ConnectedFactories website (project news, event news….) can be transferred easily to the ConnectedFactories website and vice-versa.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 873086.

3 ConnectedFactories2 Flyer

The front and backside of the tri-fold flyer is included below.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 873086.

The flyer has been produced in order to be dispatched at the first key event/workshop on 11 and 12 March 2020.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 873086.
